1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY

Substance: FASCIA ANTICONDENSA

Product description: BITUMINOUS MEMBRANES.

Company:
L’ISOLANTE K-FLEX SPA
Via Leonardo da Vinci, 36
20877 RONCELLO (MB) - Italy
Tel. +39 039 6824.1

Competent person responsible for the safety data sheet:
Kflex-Reach@isolante.com

Emergency telephone number:
Tel. +39 039 6824.1 (9:00 - 17:00)

2. HAZARDS IDENTIFICATION

Acute Health Effects: Direct contact with eyes or skin may cause mild irritation
Long-term effects: Repeated contact with skin may cause sensitization

Classification of the substance and mixture:
The product is not subject to classification according to EC Directives.

Label elements:
In accordance with Reg. 1272/2008 / EC (CLP)
The product does not need to be labeled in accordance with GHS criteria.
In accordance with Directive 67/548 / EEC or 1999/45 / EC
In accordance with Directive 67/548 / EEC, Annex VI: the product does not need to be labeled according to EC directives.

Possible Hazards (according to Directive 67/548 / EC or 1999/45 / EC):
No particular hazards known.

Other hazards:
PBT / vPvB evaluation:
According to Annex XIII of Regulation (EC) N.1907 / 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH): Does not meet the criteria for classification as PBT (persistent / bioaccumulative / toxic) or vPvB (very persistent / very bioaccumulative).

3. COMPOSITION/INFORMATION OF INGREDIENTS

In the formulation of the preparation are used substances not classified as dangerous according to Directive 67/548 / EEC and Regulation (EC) 1272/2008 (CLP).

Substance: bitumen
CAS 8052-42-4
EINECS 232-490-9
% Weight: 45-55%
4. FIRST AID MEASURES

**Eye contact:** Flush with water for 15 minutes. Get medical attention if irritation occurs.

**Skin Contact:** Remove from skin and wash with soap and water. If it is difficult to remove, use mineral spirits. Get medical attention if irritation occurs.

**Inhalation:** Not applicable.

**Ingestion:** Do not induce vomiting. Call a physician immediately.

5. FIRE-FIGHTING MEASURES

**Extinguishing Media:** For small fires: Use CO2, water spray.
For larger fires: use foam, dry chemical or water spray

**Unsuitable extinguishing agents:** None

**Special hazards arising from the substance or mixture:** Thermal decomposition of this product during fire or very high heat conditions may evolve to: carbon monoxide, carbon dioxide and isobutene.

**Advice for firefighters:**
Breathing apparatus and protective clothing should be worn in fighting large fires. Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep containers cool.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, environmental precautions and clean-up methods: Wipe or scrape and hold for recovery or disposal.

7. HANDLING AND STORAGE

**Handling:** Wash thoroughly after use

**Storage conditions:** Normal conditions of warehouse are acceptable.

There are no special requirements for storage.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

<table>
<thead>

</tbody>
</table>

**Exposure controls**

Engineering controls: the local and general ventilation are recommended.

**Individual protection measures**

Eye protection: you need to wear safety glasses.

Skin protection: Use gloves. Wash hands during and after use.

Gloves: cotton, nitrile rubber, natural rubber, neoprene.

Personal protection - Respiratory:

Under normal conditions of use it is not necessary the use of specific means of respiratory protection.

Where concentrations are above recommended limits or are unknown, must be worn proper respiratory protection. Follow the OSHA respirator regulations (29 CFR 1910.134) and use NIOSH / MSHA respirators.
BITUMINOUS CONGLOMERATE INSULATION TAPE

9. PHYSICAL AND CHEMICAL PROPERTIES

Form: Solid, extruded tape
Color: Black
Odor: weak, mild odor
Specific weight: 0.99 g / cm³
Viscosity: Not determined
Freezing / melting point: Not determined
Boiling Point: Not determined
Vapor pressure at 25 °C: Not determined
Solubility in Water: Not determined
pH: Not determined
Volatile Content: <1% by weight
Flash Point: Not applicable
Auto ignition temperature: Not determined
Flammability Limits in Air: Not determined

10. STABILITY AND REACTIVITY

Chemical stability: Stable
Hazardous Polymerization: Hazardous polymerization will not occur.
Conditions to avoid: None.
Materials to avoid: Avoid contact with strong oxidants.

11. TOXICOLOGICAL INFORMATION

Potential Health Effects: No information

12. ECOLOGICAL INFORMATION

Environmental effects: Complete information is not yet available.
Effects on wastewater treatment: Complete information is not yet available.

13. DISPOSAL CONSIDERATIONS

The material is not classified as hazardous waste.
State or local laws may impose additional regulatory requirements regarding disposal.
BITUMINOUS CONGLOMERATE INSULATION TAPE

14. TRANSPORT INFORMATION

ADR: Not subject to regulations

By sea (IMDG): Not subject to the IMDG Code.

By air (IATA): Not subject to IATA regulations.

15. REGULATORY INFORMATION

In accordance with the requirements of d.leg.vo July 16, 1998 No. 285 (and Directive 1999/45 / EC) the products do not require specific label Hazard:

SYMBOLS OF DANGER: NOT REQUIRED

CONTAINS: Not required evidence of components - (does not contain substances classified as hazardous)

Phrases: ---- ----

Phrases: ---- ----

Reference should be made, where applicable, also to the following laws regarding safety Labour:

- D.P.R.- 303/1956
- D.L.- 277/1991
- D.L.- 626/1994
- D. L. 25/2002
- D.L.- 242/1996

16. OTHER INFORMATION

The information contained in this safety data sheet are based on our current knowledge and is provided in accordance with the requirements of Directives 2001/60 / EC, 2001/59 / EC, 2001/58 / EC.

The product should not be used for purposes other than those listed in paragraph 1) without obtaining written handling instructions.

Do not assume responsibility for improper use.

It’s always the user's responsibility to comply with hygiene, safety and environmental protection work laws.

The information contained in this MSDS is meant as a description of product characteristics for safety purposes: not be considered as a guarantee of properties of the product itself.
